

IPS SOCIAL ENTERPRISE

2025-2026 at a glance (April 2025 - March 2026)

2025 - 2026 was a year full of deepening relations and expanding capacity, both within the Society and in community. Some areas where the team saw their energy dedicated include deepening our *Building Local Relations* curriculum, increased consultation with organizations to support their commitment in upholding the TRC 94 Calls to Action and UNDRIP, and the creation of IPS' *Linda Lucas Legacy Award*. As well, we have renewed our CARF accreditation for another 3 years and re-gathered for our 3 year strategic planning.

It has been an honour walking alongside organizations to take the next step towards actioning reconciliation. With the constant changing political landscape this past year, Indigenous communities and rights are at risk and we are determined to continue to advocate for unwavering change that is sustainable. We look forward to continuing to walk this path with those doing the good work.

IPS delivered the following trainings through the 2025-2026 fiscal year

Personal/Professional Allyship-Based Trainings

- All My Relations
- Building Local Relations
- Conflict Transformation
- Cultural Perspectives Training
- Dispelling Myths/Stereotypes
- Recruitment & Retention
- Understanding & Healing Lateral Violence
- Understanding History

Community Development & Support Trainings

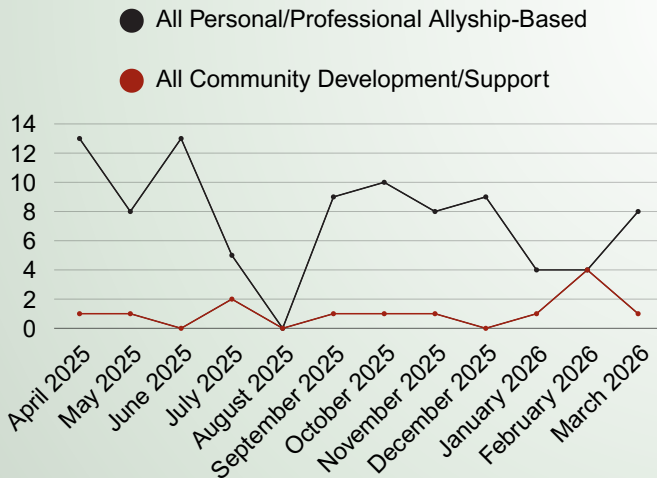

- Board of Directors
- Designated Representative Training
- Family Support Worker Training
- Gladue Writer Training
- Indigenous Adoptions & Permanency Online
- Introduction to Indigenous Jurisdiction
- Supervisory I & II

Social Enterprise delivered

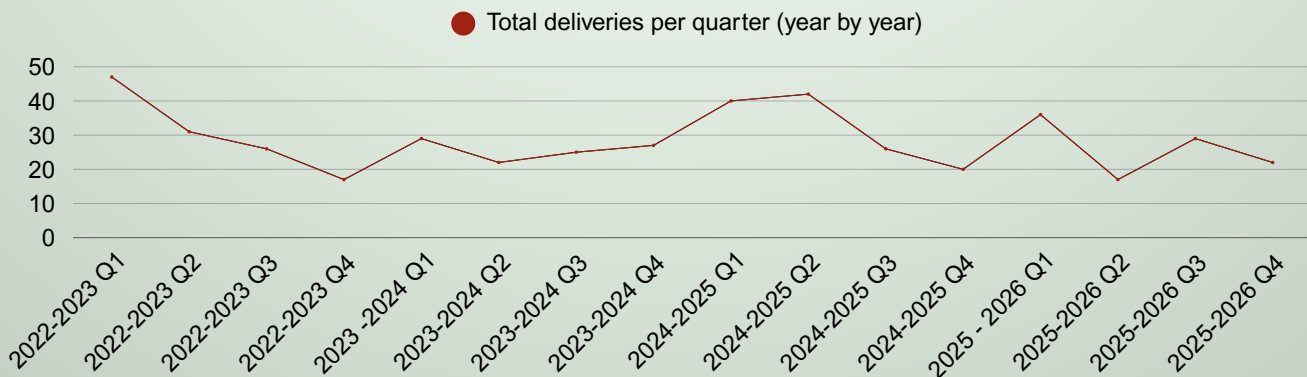

104 trainings to over

2,137 participants!

The graph to the left shows the total number of deliveries throughout the year. For the 2025-2026 fiscal year, there were 24 less deliveries compared to 2024-2025 (A 18.8% decrease). Most of this difference comes from a decline in deliveries over the Summer months of July and August.

Though there was a decrease in overall training deliveries, there was an increase in private consultations with government and larger organizations.

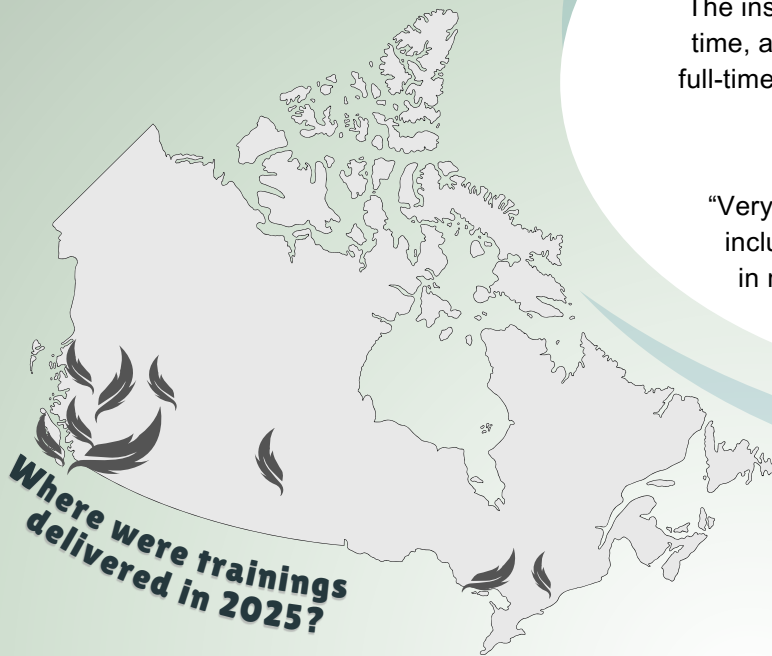

What participants are saying...

Gladue

"I don't have a background in social work or the legal system, but after this course, I feel competent and qualified to start researching and preparing Gladue reports. The instructor made it easy to learn a lot in a short period of time, and I was able to manage the workload while working full-time. Highly recommend to anyone considering becoming a Gladue report writer."

Cultural Perspectives

"Very much worth my time. Informative, inquisitive and inclusive. By far the best education I've taken so far in my learning and unlearning of our colonial past and ways to move forward."

Where were trainings delivered in 2025?

Final Notes...

- Social Enterprise worked with a total of **12 facilitators, contractors and Elders** in delivering trainings this fiscal year. Thank you for sharing your gifts with IPS and so many!
- Social Enterprise delivered private trainings to **17 Indigenous Organizations**.
